

iDC FlexiPower Online IoT Rack 1-20kW

A high performance IoT enabled double conversion online rackmounted UPS

iDC FlexiPower Online IoT UPS is a high performance, true online conversion online UPS capable of supporting loads from 1 to 20kW. It comes with IoT compatibility automatically monitoring power quality and battery status, with easy access to your UPS status, offering protection to your crucial equipment.

IoT Compatibility

Easy to access your UPS and battery status and events on a real time basis through mobile APP

High Efficiency

A complete green solution with energy saving

Unit Power Factor

Enjoy more power in the same space with a power factor of 1

Flexibility

Adjustable charging current and flexible battery configuration

Think it.
Plan it.
Own it.

HK: +852 2113 2968 | SG: +65 6843 9888
enquiry@iDCmini.com | www.iDCmini.com

Key Features

- True double conversion design online technology
- Power Capacity: 1-20kW
- Real output factor 1.0 offering more power in same space
- Green and high efficiency with energy and space saving
- Optimize charging method to maximize battery lifetime
- Adjustable charging current and flexible battery configuration
- Highly reliable with built-in OVCD protection, fan lock detection, over temperature detection and overload warning
- Programmable outlet group to increase back up time for the most critical equipment
- Hot swappable battery for UPS models
- Low audible noise at typical load
- LCD support up to 10 languages for easy installation and service
- Embedded Ethernet port solution & optional WLAN module for IoT connection
- Mobile APP, both Android and iOS, for monitoring
- Upgrade network card compliance with IEC standard cybersecurity
- Special enhancement features (20kW unit): 3 phase mode to meet utility and load wiring
- Special enhancement features (20kW unit): Alternative option with dual source input is available for utility and bypass

iDC FlexiPower Online IoT 1-3kW

iDC FlexiPower Online IoT 6-10kW

iDC FlexiPower Online IoT 20kW

iDCmini ALLE

One Pane – Pocket NOC, your next-gen DCIM solution platform

- Simplifies UPS management and boosts operational visibility within seconds
- Accessible anywhere with you
- Instant alerts & notifications (email, SMS, Microsoft Teams)
- Data-driven insights to optimize power use and reduce energy waste

Think it.
Plan it.
Own it.
